**A14 - Post-Closing Date Disclosure**

On the Closing Date, CERH (directly or through its wholly owned subsidiary) will hold the economic exposure to the EU Retention Notes issued by the Issuer for the purposes of the European Union Retention Requirement. CERH as Retention Holder will undertake to retain (directly or through its wholly owned subsidiary) the economic exposure to the EU Retention Notes for the life of the transaction either for its own account for the account of its wholly owned affiliate. The aggregate Principal Amount Outstanding of securities which CERH holds (or holds through its wholly owned affiliate) the economic exposure on the Closing Date is expected to be £42.384m being the EU Retention Notes which, together with 5 per cent. of the Class XB Certificates, constitutes the U.S. Required Risk Retention Interest as well as a maximum of £73.422m in additional securities which, unlike the EU Retention Notes and U.S. Required Risk Retention Interest, are not required to be held by CERH and may be placed separately before, on, or after the Closing Date.

**Covid-19 Information****General Information**

Following the guidance from the FCA and UK Government published in March 2020, Lenders (and Mortgage Servicers as applicable) are required to offer up to a 3 Month Payment Holiday to those customers that self-certify that they or to the extent the customer is a BTL landlord, their tenant, have been negatively impacted by the COVID-19 pandemic.

CHL's approach is to actively support those customers that have been adversely affected by Covid-19, and have a technology solution to support and manage the application of these requests.

Further details can be found at CHL's website: <https://www.chlmortgages.co.uk/category/news>

**Payment Holiday Information**

Whether a loan is currently up to date or in arrears, CHL will ensure that all approved Payment Holiday cases (where the borrower has completed a declaration and request form) will not result in a change of its arrears profile. The loans will have a frozen arrears position for the term of the payment holiday. In all payment holiday cases, the borrowers credit reference agency records will not be adversely affected by the payment holiday.

The table below shows the current volume of borrowers that have had an approved Payment Holiday request processed by CHL.

In addition, loan level information on the portfolio will also be made available at [www.euroabs.com](http://www.euroabs.com) from the 30 April 2020 portfolio cut-off date.
